

WAXIE HP Disinfectants

Cleaner, Healthier, Greener & Safer *with* WAXIE®

Safely clean & disinfect all high-touch surface areas in your educational facility!

cleaner

One minute of surface time kills the virus that causes COVID-19 and the flu!

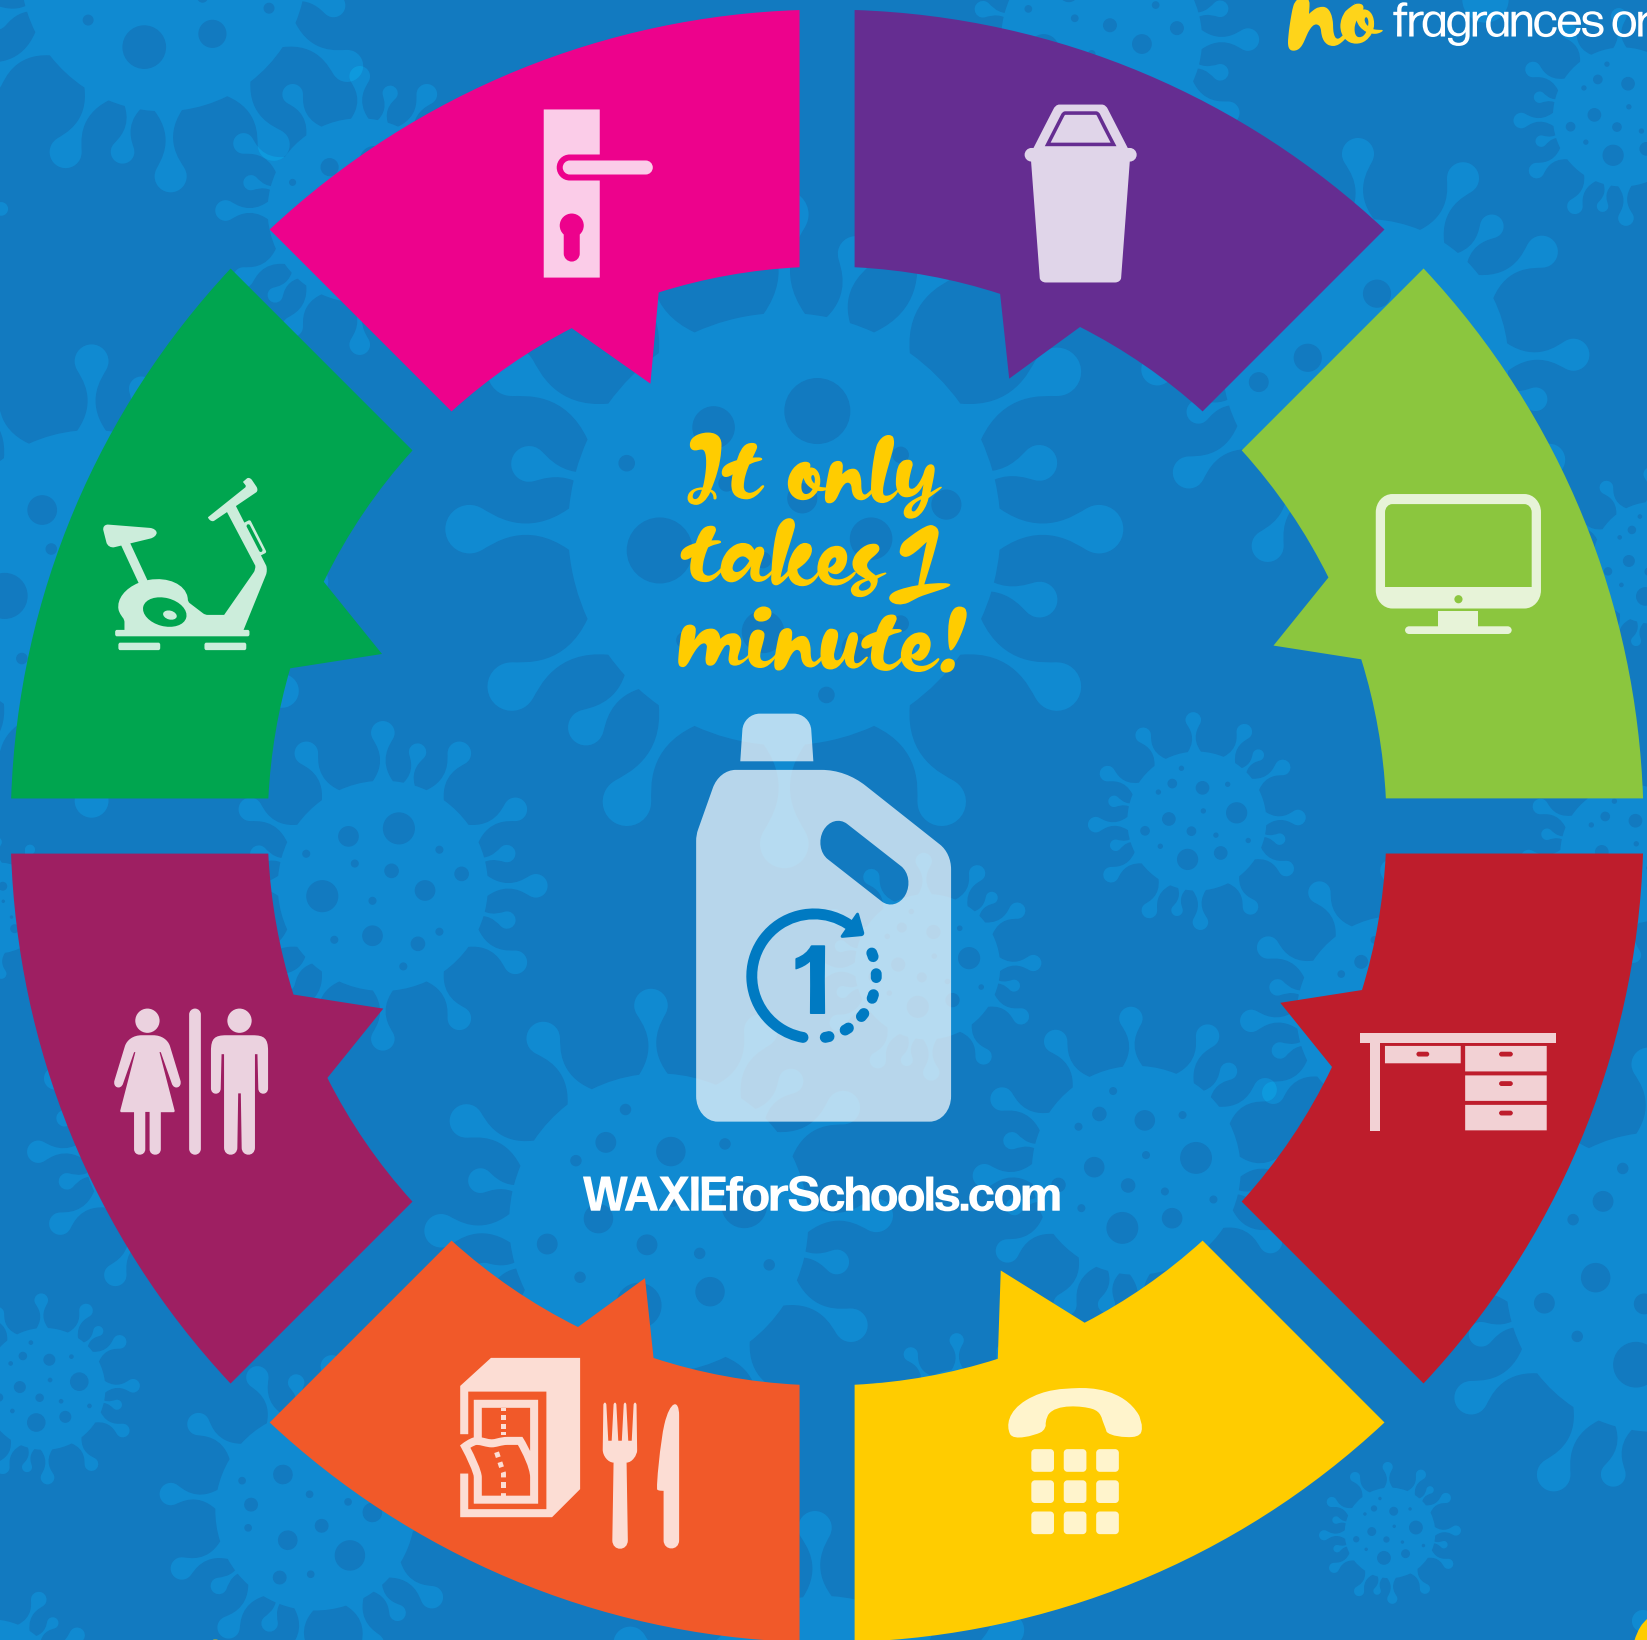

healthier

no sodium hypochlorite (bleach)

no peracetic acids

no quaternary ammonium chlorides

no fragrances or dyes

greener

one three-liter bottle makes **52-gallons** of ready-to-use disinfectant, which means more punch with less packaging

safer

WAXIE HP Disinfectants feature a **hydrogen peroxide** based formula that is safer for use around students and on most surfaces in your school

use on
